

HOME LEARNING

MAKER MAT

Please complete 4 of the activities.

Create your own time capsule containing things which are important to you.

You have been exploring photography but your camera is broken. Design your own camera.

Create a paper aeroplane which can loop the loop.

Design the playground of the future for our school.

Year 4

Make a bridge which can support 6 apples.

Design and make a mode of transport which can travel over land, sea and sky.

You are an explorer. Create a video diary using props, recording your discoveries.

**Do something original!
Make, draw, paint, sing act.
It is up to you!**

Please return your projects by Monday 11th December.
